

Activate Your Debit Card with Digital Card Management

Step-by-Step Tutorial

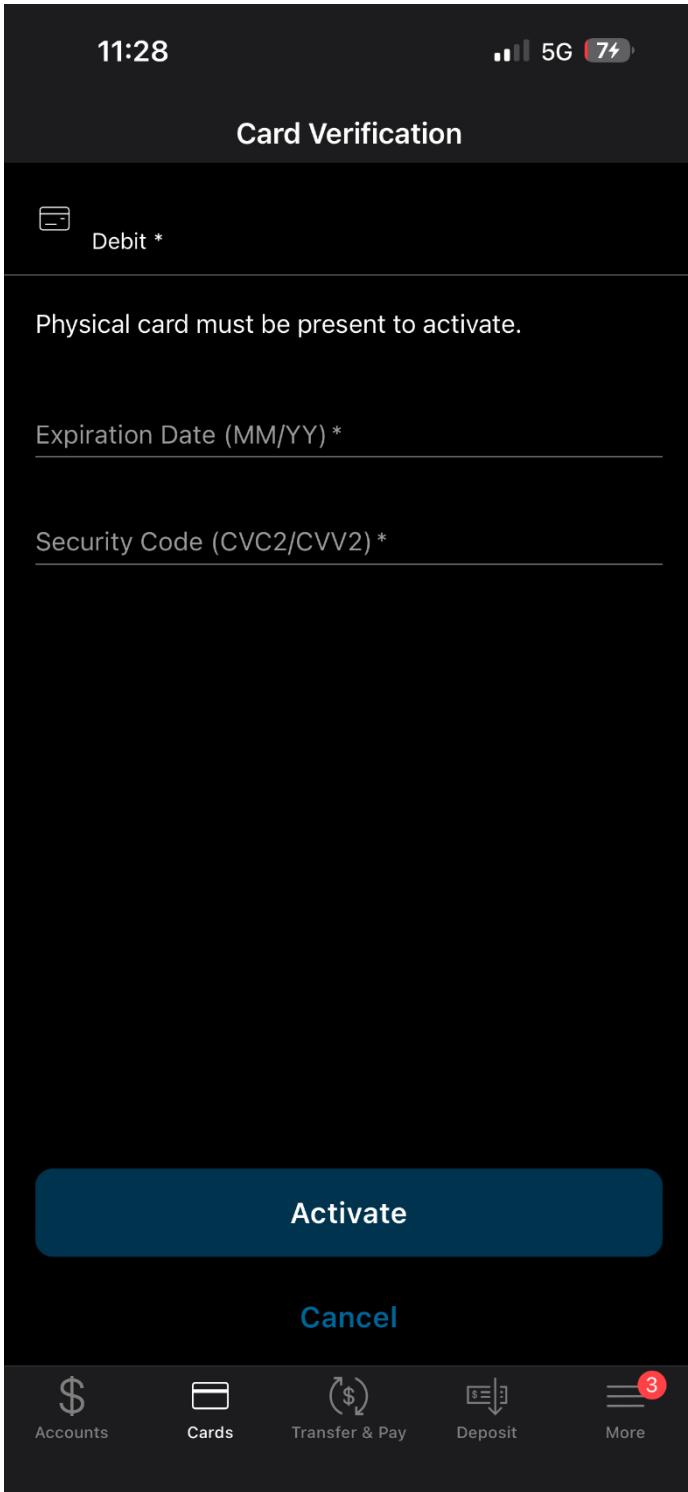

Log into Community's mobile app, CSB Chicago Mobile Banking. Once logged in, click on the, "Cards," icon at the bottom of the app.

Swipe to find the card you are looking to activate, then click, "Activate Card."

Enter your debit card information: The expiration date and security code. Then click, "Activate."

Accounts Cards Transfer & Pay Deposit More ³

The screenshot shows a mobile application interface for card verification. At the top, the status bar displays the time 11:28, 5G signal strength, and a 74% battery level. The app title is "Card Verification". Below the title, there is a "Debit *" label with a card icon. A message states "Physical card must be present to activate." There are two input fields: "Expiration Date (MM/YY) *" and "Security Code (CVC2/CVV2) *". At the bottom, there are two buttons: "Activate" (in white text on a dark blue background) and "Cancel" (in blue text). The bottom navigation bar includes icons for "Accounts", "Cards", "Transfer & Pay", "Deposit", and "More" (with a red notification badge showing the number 3).

Once activated, the following screen will appear. At this point, users may also add a new pin number by clicking, "Set PIN."
